DETAILED ACTION

Information Disclosure Statement

1. The prior art statement filed 3/26/2001 has been received and recorded.

Claim Objections

1. Claims 1-27 are objected to because of the following informalities: Preamble calls for "A method ...by an organization or person" but there is no support in the specification for person. Appropriate correction is required. ✓

Claim Rejections - 35 USC § 112

2. Claims 1-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 1, it's not clear who registering on the website, a person, 2nd person? And who contacting 3rd party, the same person who registering or different person or organization.

Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claim Rejections - 35 USC § 103

4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and

Art Unit: 3629

the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. Claims 1-27, 28-50, 51-54 are rejected under 35 U.S.C. 102(a) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over COSTIN, IV et al (US 2002/0049816).

As for claims 1, 51, 53, 52, 28, 54 COSTIN, IV et al discloses a method and a system and a computer program for conducting a fundraising campaign by an organization over a wide-area network comprising the steps of: a) hosting a website including a plurality of linked web pages, the website providing information about the fundraising campaign and soliciting potential donors to make a charitable contribution to the fundraising campaign, b) registering on the website, c) contacting a 3rd party via email messages soliciting charitable donations, and d) providing information about fundraising campaign parameters such as status, goals, start/end dates (see Figs. 1a, 0006, 0007, 0009, 0010, 0019, 0065, 0067, 0070, 0071, 0072, 0075, 0082, 0083). Alternatively, the use of other well known/conventional parameters for fundraising campaign or a campaign would have been obvious to a skilled artisan (0087).

As for claims 2-4, 6-11, 29-31, 33-36, COSTIN, IV et al fairly teaches the general concept of contacting/involving other people in the campaign such as Friend-to-Friend Fundraising, using email or other known means, see 0010, 0019, 0065, 0066, 0067. As for claims 5, 32, these are taught in 0082. As for claims 12-16, 37-41, COSTIN, IV et al also teaches the general concept of raising fund through well known fundraising events such as athletic events (5k race). Alternatively, the selection of other similar sporty, artistic, entertained/special events, etc., would have been obvious (see 0066, Figs 8, 9-

Art Unit: 3629

14). As for claims 17-19, 42-43, COSTIN, IV et al teaches the concept of recruiting/recognizing primary or new donor (0019, 0021), therefore, the various ways for honoring primary/new donors, i.e., virtual plaques, would have been obvious. As for claims 22-27, 44-50, they are fairly taught in 0065-0069, 0073-0079.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

1) US 2002/0038225 A1 dicloses a method and system for managing fundraising campaign including various ways to raise funds such as matching of contribution, games of challenging/competition for giving, etc. and could have been included in COSTIN, IV et al for teaching of various parameters of fundraising campaign.

2) US 2002/0080175 discloses a method and system for managing fundraising campaigns.

3) JP 407225801A discloses a fund-raising transaction system for transaction device.

4) Article "Campaign 2000: ...Candidate Sites" discloses method for raising fund for political candidate.
